

THEY WERE ROUNDED

How often we hear it said of a man or woman that "they were rounded in health" which accounts for their present sickness. For that reason it is important that when you find you tire easily, when your nerves are troublesome or your work is irksome, you should strengthen your system immediately with the blood-enriching, tissue-building food in Scott's Emulsion which contains pure Norwegian cod liver oil and is free from alcohol.

Jesse Uluihi Says:

"We Democrats do not believe in giving work out on contract; the Republicans do. Let us return to the good old times when there were 300 to 400 men working on the roads of the county."

APPROVES SALE ESPLANADE LOTS

In its regular meeting Saturday the territorial land board approved the sale at public auction of Esplanade lots 63 to 68 at an upset price of \$90,000. The Hawaiian Electric Company is prospective purchaser of the land, which lies next to its property, and has offered the upset price stated above. The land contains 30,000 square feet.

Among other transactions of the board this morning were the following: Approval of exchange of cash transaction which will allow H. G. Dillingham et al to secure certain waterfront land at Pearl Harbor and dispose of a tract of 40 acres in Waiwala district wanted by the army for a camp site.

Approved exchange between Mrs. Mark K. Davies and the territory, whereby the latter secures land for the Boys' Industrial School for land in Kaneohe.

Granted application for exchange of 50 acres owned by the Paauhau Sugar Plantation for 40 acres belonging to the territory, Kalopa tract, Paauhau.

Approved exchange of leasehold interest with T. H. Davies & Company on Lot 44 for Lot 31 on Bishop street. Exchange with Francis Gay whereby the territory secures 2569 square feet at Waiwala for the lot on which Mr. Gay has his mountain house. Approved.

Pioneer Mill Company was granted right of way for a tunnel and ditch near Lahaina.

Hackfeld & Company was granted a request for the sale of lots in Waialua, South Hilo, for oil tanks. H. Nakamura was granted a right to lease 71.5 acres at Kapaa for 15 years.

Application of Senator G. P. Kamaoha to lease for 21 years an area of 3 acres, Napooho, was granted.

The board granted an application from H. W. Rice for a 21 year lease of a government tract in Kamaoia, Maui, consisting of three acres, at \$20 a year.

Antone Rodriguez's application for the sale of three acres in East Oahu, Molokai, was granted.

K. S. Wong was granted application for a 15 year lease in Kapala, on the Kuliwi ponds.

REPORTS ON MINERAL PRODUCTS TELLS OF MAKING GOOD PROGRESS

The following statement was issued this morning by Secretary George S. Waterhouse of the Mineral Products Company: "Messrs. Anderson reports by week-end, which letter that good progress is being made on the improvements to the factory."

"He also states that the Western Magnesite Company, which owns a mine, said by good authorities to possess the largest deposits of magnesite ore in America, expects to resume operations soon and ship their ore over our railroad. Their property is distant about two miles from the Patterson & Western Railroad Company's tracks."

SULLIVAN TO MOVE DAVIES STOREHOUSE

Wilbur C. Woodward, assistant superintendent of public works, has contracted with the Sullivan firm in San Francisco for the moving of the T. H. Davies & Company warehouse on Bishop street, and has so informed the public works office. The moving of the structure will open up Bishop street to the waterfront, allowing a clear drive to the business center of town.

LARGE CARGO OF BOX SHOOKS HERE

Six island pineapple canning corporations are now happy because they are well supplied with box shooks. The Matson freighter Hyades, which arrived week before last and is now on her way back to the coast, having steamed from Hilo recently, brought one of the biggest cargoes of this necessary commodity ever received at any port in the territory.

The cargo consisted of 5000 measurements totaling 420,000 bundles, and was consigned to the Hawaiian Pineapple Company, Hawaiian Preserving Company, Theo. H. Davies & Company, Ltd., Alexander & Baldwin, Hawaiian Islands Packing Company and Hawaii Canneries.

According to a news story which ran in the Tacoma Tribune of May 6, the Hyades was then loading her cargo, the greatest amount of box shooks ever shipped from Tacoma by the Pacific Box Company of that city.

"The cargo of shooks," said the Tribune, "from the Tacoma firm will amount to 420,000 shooks, made up of 1,845,835 feet of lumber. The remainder of the cargo came from Grays Harbor mills."

"The Pacific Box Company, which commenced operations in Tacoma ten years ago, shipped about 3000 box

PORTO RICAN IS IN DEEP TROUBLE

Manuel O. Sanchez, the well-known Porto Rican who recently lost in a test case before Judge Kemp against City and County Clerk David Kalanikalanui to be admitted to citizenship, is in the court again but on the other side of the fence. He is the defendant in a gross cheat case and will be arraigned in police court tomorrow. He is released on his own recognizance. Incidentally some more stories about Sanchez have come to the ears of the police that sound like the tale of a vagabond.

In the gross cheat charge Sanchez is alleged to have obtained money from local residents by some kind of a profession that he was a labor agent and would take them to one of the other islands and place them in a good position. This is the gist of a story the police have of his proceedings.

Detective Fred Belmont, who made the arrest, says Spanish residents here have complained that Sanchez lives here on his nerve and nothing else. His procedure is said to be a simple but cunning one. He lives with one family, according to Belmont, until the "welcome" is worn out on the door steps and then moves on to another where he wins a warm spot in the woman's heart by praising her house and board.

"It only takes me 20 minutes to get to my office," said Mr. Chuggins. "But you didn't arrive until an hour after you telephoned that you were leaving home." "Yes. It took me the other 40 minutes to get the car started."—Washington Star.

NOTICE.

Owing to the greatly increased cost of all materials and labor entering into the production and distribution of ice, The Hawaiian Electric Co., Ltd., is obliged to announce that on and after June 1, 1917, the following prices for the delivery of ice will take effect: 25 lbs. or less daily 50c per 100 lbs. 50 lbs. daily 45c per 100 lbs. 75 lbs. daily 40c per 100 lbs. 100 lbs and over daily 35c per 100 lbs. Ice packed for railroad shipment 50c per 100 lbs. Ice packed in boxes for island shipment 75c per 100 lbs.

SAVING OF DAYLIGHT

Daylight saving is neither a fad nor a joke. It is a plain, sensible plan by which an hour more of God's sunshine may be enjoyed. Perhaps it has been so obvious that we have not either noticed or appreciated it; but now that it has been called to our attention, we shall do ourselves a good turn if we reach an early decision to adopt the scheme into active practice in Honolulu.

Men are largely the creatures of habit, and, if we would only try out the daylight saving idea, we would become immediate and permanent converts. Our advocacy has been due to the good results that have attended the working out of the idea elsewhere, and to the local conditions that lend themselves to the satisfactory operation of the plan. With a daylight saving system in effect we can get just one more cold hour a day out of life, and the attendant benefits to health and purse will agreeably surprise us.

LARGE CARGO OF NARROW MARKET IN LOCAL STOCKS

Narrowness marked the listed stock market today. Between boards sales were 125 shares and at the session 170 and such sales were confined to three securities. Ewa sold at 32 1/2 and 32 3/4, Olae 14 1/4 and Waiwala 27 1/2.

What has caused the weakness and decline in Montana-Bingham brokers this morning professed to be unable to explain, but nearly all of the brokers were selling it and it dropped from 29 down to 25 cents on sales of more than 10,000 shares. Other unlisted stocks were little changed. Oil was \$3.55, Engels Copper \$6.25, Mineral Products 42 cents, Mountain King 35 cents and Madera 29 cents.

shooks to the island the first year. From that time the orders began to increase, until now this firm supplies nearly all the shooks used on the island. This year the firm will send about 1,400,000 shooks. While regular service was maintained out of here by the Matson company, the Pacific Box company shipped regularly, so the business did not pile up, but this time it was necessary to arrange for a special steamer to handle the large cargo needed by the firms on the islands.

The ball is the oldest toy.

WEEKLY PRODUCE REPORT

By A. T. LONGLEY, Marketing Superintendent. ISSUED BY THE TERRITORIAL MARKETING DIVISION WEEK ENDING MAY 25, 1917.

Island butter is getting more plentiful but there is a good demand for it. Buttermakers should be careful to wash out all the buttermilk as it gives the butter a cheesy taste. Such butter will be sold for cooking purposes and the producer can not expect to get top prices. Put out a first class product and get the best price.

Eggs have advanced to 50 cents a dozen but even this price is very low in comparison with the feed bill and a great many people are going out of the business. If the producers continue to sell their stock at the present rate it is safe to say that there will be very few chickens or eggs next year.

The prices on green vegetables have changed very little in the past week but from all reports there will be large quantities for sale in the near future. Cabbage is still bringing top prices. Island Irish potatoes are coming in in large quantities and the quality is better than for several years, especially those raised on this island. Sweet potatoes are very scarce. The division would like to hear from all who have sweet potatoes for sale.

Probably the best shipment of green peas ever grown in the islands was received by the division today from Kula. They are of the Prince Edward variety and much superior to those that came from Maui. From our certainly use these instead of canned peas. Large quantities of these peas could be grown in Kula and elsewhere in the islands both for drying and canning if the people would use them.
